

EMERGENCY MEDICAL INFORMATION FOR THE RACING ENTHUSIAST

NARRA has taken a step towards providing drivers with an added measure of safety. We will require all participants wear **MEDSTATS** with the intent of compiling all needed medical information and providing a system to allow individual access upon demand.

Why?

- Your well being is our primary concern.
- Accidents happen and a quick response to any medical situation is needed.
- We always monitor our car status but we forget about ourselves.

MEDSTATS provides the following:

- A detailed medical questionnaire of past and current information.
- A breakaway lanyard and pouch to hold your medical information.
- Information upgrades upon request.
- Peace of mind knowing your medical information is immediately available if needed.
- All information is kept *CONFIDENTIAL* and only viewed by emergency personnel.

MEDSTATS is required for all drivers participating in a NARRA driving event. The cost is \$35.00 for the first year and \$15.00 there after. Any changes in medication or condition should be reported and a new **MEDSTATS** information sheet will be printed and returned to you for insertion in the **MEDSTATS** pouch at no cost. **MEDSTATS** should be worn at all times while on track property. Accidents not only happen on the track, they can also happen in the pits or while just walking around. We highly recommend that all pit crew personnel wear **MEDSTATS**. They take care of your car, so take care of your crew! BE SAFE! Lost lanyards and **MEDSTATS** will be replaced for \$15.00 per occurrence.

Please fill out the attached form so that we can have your **MEDSTATS** packet ready for your pickup at your next event.

Thank you for your support and understanding as to the need for this safety program.
